PROFILE

Electronics Engineering graduate with hands-on experience in technical support, web development, CRM platforms and workflow automation. Six months diagnosing and documenting issues on a medical healthcare account, plus self-taught web apps shipped to production with AI-assisted development. Looking for an IT or junior developer role where I can keep learning by building.

EXPERIENCE

Technical Support Representative

Mar 2026 – Sep 2026 · 6 months

Medical healthcare account

- Troubleshoot system and user issues across multiple tools; diagnosed root causes and applied the right fix in a fast-paced environment.
- Documented issues, steps and resolutions accurately; escalated complex cases with complete technical notes.

Digital Marketing Trainee

Jan 2026 – Feb 2026

- CRM systems, workflow automation, email marketing and lead management with GoHighLevel and ActiveCampaign.

Engineering Intern

Jun 2025 – Aug 2025

- Technical support, troubleshooting and documentation for the Engineering Department; analysed operational data in Excel (IF, VLOOKUP, sorting, filtering).
